

**FREE MORNING SEMINARS**

## **Reducing Waste, Reducing Costs in Your Business**

**Two morning seminars on reducing and minimising  
waste costs in your business.**

Businesses of all sizes can make significant cost savings by focusing on waste in their business. Every business creates unnecessary waste. This can often be due to complacency and bad habits.

This Seminar will explore the ways companies can reduce and eliminate waste in their business; including food waste, energy wastage and water wastage through simple "no cost" and "low cost" means.

We have a host of experts and practitioners who have implemented waste reduction first hand. We hope you can join us for one of these seminars.

**GREAT PRIZES TO BE WON!**
